AutoCAD Crack + For Windows [2022]

Software History See also Comparison of CAD editors for engineering analysis AutoCAD Full Crack (AutoDesk) is a powerful free and commercial computer-aided design (CAD) and drafting software application that runs on Windows, macOS, and Linux operating systems. Developed and marketed by Autodesk, AutoCAD was first released in December 1982 as a desktop app running on microcomputers with internal graphics controllers. Before AutoCAD was introduced, most commercial CAD programs ran on mainframe computers or minicomputers, with each CAD operator (user) working at a separate graphics terminal. AutoCAD is also available as mobile and web apps. The first version of AutoCAD for iOS was released in 2012 and AutoCAD for Android was released in 2016. Both mobile apps include BIM 360 cloud and database integration functionality, and are optimized for the iPhone and the Android smartphones, as well as for iPad and Android tablets. AutoCAD 360 was released on March 24, 2017. AutoCAD 365 was released on March 1, 2018. Desktop applications AutoCAD (desktop) AutoCAD is used by architects and construction professionals. Originally AutoCAD was used for drafting of architectural and construction projects, but in recent years has expanded to include 3D modeling of physical objects such as furniture and machinery. AutoCAD can create static and animated presentations for a wide variety of uses such as product demonstration, business presentations, technical documentation, and training. AutoCAD software has been built into the Studio 3D and PowerCAD products. AutoCAD is a free download for personal use. AutoCAD LT AutoCAD LT is a free, compact version of AutoCAD with many of the same features, but with some limitations. The capabilities of LT are very limited, and functionality is limited to basic 2D drafting. AutoCAD Cloud AutoCAD Cloud is a cloud-based solution for creating and working with models within the cloud. The cloud-based AutoCAD solution includes support for Microsoft Azure, Amazon Web Services (AWS) and VMware. AutoCAD mobile apps AutoCAD mobile apps are optimized for Apple iOS and Android smartphones and tablets. The mobile apps are offered in the United States as AutoCAD 360 and AutoCAD 365. They also include BIM 360 cloud and database integration functionality. AutoCAD 365 is free with the AutoCAD

AutoCAD Crack PC/Windows

Allows embedding Excel, Word, Outlook, etc., macros into AutoCAD drawings. In addition, it is capable of running macros that are saved as a DXF or drawing exchange format file, and can run macros that are saved in a file (e.g.,.vba,.xla). AutoCAD also provides an API called the API for Outlook (AIO), which allows developers to integrate their applications with AutoCAD on Microsoft Windows. This allows sending emails to existing email accounts, and retrieving email messages that are stored in a Microsoft Outlook account. AutoCAD supports over 140 commands, including tools to edit AutoCAD drawings, manage drawings, navigate the drawing, select objects, cut, copy, paste, and delete objects, change or add dimensions, angles, text, and linetypes. The Cut, Copy, and Paste commands, as well as the Undo and Redo commands, allow edits to be undone or redone. Version history AutoCAD 2000 (v13.1) AutoCAD 2002 (v13.10) AutoCAD 2003 (v14.0) AutoCAD 2004 (v14.5) AutoCAD

2005 (v14.7) AutoCAD 2007 (v14.9) AutoCAD 2009 (v15.0) AutoCAD 2010 (v15.2) AutoCAD 2012 (v16.0) AutoCAD 2013 (v16.2) AutoCAD 2014 (v16.3) AutoCAD 2016 (v16.6) AutoCAD 2017 (v17.0) AutoCAD 2018 (v17.4) AutoCAD 2019 (v18.1) AutoCAD 2020 (v19.0) In popular culture AutoCAD is used in movies, commercials, and other fictional works, such as: Antitrust and Pixar's Cars. Ancient Aliens. American Horror Story Batman (2017 TV series). BBC dramas The Long Song and Outlander BBC America's Inconceivable (Season 2), a scripted comedy about a man who is forced to use AutoCAD to build an iPhone app American Dad! AutoCAD is the subject of a special in the 2009 television show Top Gear Baltimore's Homicide: Life on the Street: Season 8 Bates Motel: Season 1 The Big a1d647c40b

AutoCAD Incl Product Key Free [Updated-2022]

Click the "License" tab on the right-hand side. Go to Licenses and Products and choose the "Standard" subtab. Click the "Create License" button. Give the license a name. Write down the license code. Find the "Activate License" button on the Licenses and Products page. Click "Activate License". Open the License Manager window. Click "Select" to locate the license you wrote down. Click "OK". Accept the license agreement. What's New In AutoCAD?

Sketch tool: Sketch tool is one of the most popular tools among Autodesk customers. This newly added feature lets you draw anything, anywhere in your drawing. You no longer need to enter the shape of your line or polyline. The ability to edit or mark up unplaced objects such as pipes, elements, and paths with a new Quick Edit command. Improved Stylus tool. Draw, copy, and paste more accurately, as well as adding grips to symbols and shapes. Fixing a mistake with the Direct Selection Tool is faster. Clicking on a point in a 3D view results in the correct 2D point being selected. Performance enhancements when copying or pasting. Video Capture: A new perspective that allows you to see the camera's view from the perspective of a camera you shoot a video with, instead of just seeing what the camera sees. Improved Lens Correction, which includes clearer depth of field and less distortion. Improved HDR support. Moving Objects Guide: One of the most-requested features is here! With guide, you can specify any object and insert guides for that object. You can specify distance from the object or position relative to an existing drawing. You can use several types of guides including horizontal, vertical, and other types. Guide can be placed with an offset from the existing object. You can control the size of the guide. Closing/Unzipping: One of the most-requested features is here! Unzip objects has been enhanced with an easier-to-use dialogue window. You can close objects and unzip them at once. You can use the keyboard shortcuts Ctrl+Shift+D to unzip objects and Ctrl+Shift+U to close objects.

When unzipping you can specify to unzip objects from different drawings, from different work areas, or to unzip all objects in the drawing. With the check box, you can unzip one object at a time. You can unzip multiple objects at once with the shortcut Ctrl+Shift+Z. Layer Editing: Drill-down view: The new view with drill-down features lets you view the full hierarchy of objects on a drawing, regardless of
